Via Certified Mail - Return Receipt Requested

Document Processing Desk – 6(a)(2) Office of Pesticide Programs – 7504C U.S. Environmental Protection Agency 401 M Street, SW Washington, DC 20460

To Whom It May Concern:

This letter is being submitted to the Agency in accordance with FIFRA section 6(a)(2). The submitter and registrant are both Ecolab Inc. (370 N. Wabasha St., St. Paul, MN 55102).

Registration numbers reported are for the following company names:

1677 - Ecolab, Inc.

303 - Huntington Professional Products - a Service of Ecolab, Inc.

42964 - Airkem Professional Products, a Division of Ecolab, Inc.

5389 - Kay Chemical

Enclosed are individual incident reports (internal codes #06060 – #06067) for November 1 through November 30, 2006.

This information may be reportable at this time because the exposures may fall into the exposure type and category (according to the final rule, effective August 17, 1998) of H-B and H-C. Each individual report indicates the pesticide registration number alleged to be involved in that incident.

Sincerely,

ECOLAB INC.

Wendy J. Stotz

Incident Description

Reporter stated patient was seen October 26 with symptoms of red, itchy hands with blisters. Initial diagnosis was contact dermatitis. Patient uses Oasis 144 product to wash pots and pans at her workplace.

The physician placed a cotton ball in diluted product and applied the cotton ball to the patient's arm; patient experienced similar symptoms. Physician advised patient to avoid contact with product.
